Pneumatic Brake Pin & Bushing Driver Kit

Applications:

- Used to remove Anchor Pins and install Bushings which anchor the Brake Shoe to the Back Plate
- Ideal for Trucks, Trailers and Buses with weights ranging between 16,000 lbs. to 30,000 lbs.

Ajax No. A1166 (.401 Shank)

Brake pin and bushing driver set. Consists of one each A1114 and A1115

Ajax No. A954 (.498 Shank)

Brake pin bushing and driver set. Consists of one each A956 and A957

*Note: Overall length of drivers is 10-1/4"

Advantages:

- Reduces removal and installation time by **60% to 70%**!
- Eliminates having to heat (torch) seized pins and bushings during the removal process
